ADVERTISING.

THE DAILY COURIER has double  
the circulation of any other daily news-  
paper in Fayette county or the Con-  
nellsville coke region and it is better  
distributed for the general advertiser.  
It is the only news paper which  
week after week publishes the  
recognized, correct and reliable  
cokes trade. It has especial value as  
an industrial journal and an adver-  
tising medium for such interests.

STATEMENT OF CIRCULATION.

MONDAY EVENING, OCT. 5, 1908.

THE YOUTH REGION  
REPUBLICAN RALLY.

The Fayette county Republican cam-  
paign opened in Everett, but it prom-  
ises to reach its greatest enthusiasm  
in the Youth region rally proposed to  
be held at Connellsville. The Republi-  
cans of this section are earnestly for  
the Republican ticket from top to bot-  
tom. There is no divided allegiance  
to be feared. Support Republican  
politics with cheer and in the cam-  
paign, not perfunctory. They believe  
that their personal welfare is directly  
concerned in the national issues, and  
no matter what differences of opinion  
there may have been in the primary  
campaign they agree with cordial  
unanimity that the county ticket is  
composed of competent and worthy  
men fairly nominated and deserving  
of every Republican vote and some of  
the other votes.

There is no reason to think that any  
part of the Republican ticket will  
suffer defeat in November, but in poli-  
tics it is well to take nothing for  
granted; besides the bigger the Re-  
publican plurality we pile up in Fay-  
ette county the more emphatic will be  
the public endorsement of wise policies  
and good candidates. In this good  
work we have to see Connellsville and  
the Youth region, once the host of  
Democracy, register its emphatic re-  
buke of the follies, fallacies and dan-  
gers of Bryanism.

RAILWAY  
MILEAGE BOOKS.

The railroads evince a disposition  
to abolish the mileage book. No rea-  
son is given for this position, and it  
is difficult to understand what reason-  
able objections there can be to this  
form of ticket.

The mileage book is a wholesale  
purchase of transportation by the pa-  
tron of the railroad. It is paid for in  
advance. By all rules of business, the  
railways should welcome such a trans-  
action and be willing to accord the  
buyer at least the customary cash  
discount which prevails in commercial  
circles.

The books themselves are a con-  
venience to the holder. They save  
him the trouble and delay often inci-  
dent to the purchase of the ordinary  
trip ticket, and this is often import-  
ant to the traveler, so important that  
he is perfectly willing to invest his  
money in mileage which he may not  
use in months.

When the mileage books were first  
issued, they found ready sale in spite  
of the fact that the railroads hedged

them about with vexatious and unjust  
conditions, such for example as those  
compelling the deposit of a surplus  
refundable only after the mileage was  
fully used, and of limiting the use of  
the mileage book to the purchaser  
alone. The latter restriction was po-  
tentially discriminating in inconsistent  
view of the fact that no such re-  
striction was ever imposed on a trip  
ticket.

The mileage book has come to stay  
and the railroads may as well make up  
their minds to the fact.

THE ODDITIES  
OF BRYAN POLITICS.

The Rights of Labor, Fayette coun-  
ty's new labor organ, remarks in its  
initial issue on the "oddities of poli-  
tics" as follows:

Odd things happen in politics and  
it is sometimes hard to comprehend  
them. For instance, it has been point-  
ed out that when the people of 1907  
elected the members of the Democratic  
party, they absolved Theodore Roosevelt  
from all responsibility for it but laid  
it on Wall Street and all the capitalists  
of predatory wealth in the city of New  
York; but in 1908 the Democratic party  
and its leaders, declared the people of the  
last year to have been the work of the  
Republican party, though they contend  
that the Republican administration got  
all its policies from the Democratic  
party.

All this looks odd to one who doesn't  
stop to consider the necessities of the  
situation. But to one who understands  
that what is supposed to be a "vote-  
getter" last time, may have ceased to  
be such this year, there is nothing  
strange in it. Politics is the art of  
lying for the good of one's party; and  
the lie of yesterday is often the truth  
of today. Hypocrisy is the morality  
of the candidate for public office.

The Rights of Labor seems to have  
proven its case so far as the Bryan  
party and its Fayette Leader are con-  
cerned. Both have been so much given  
to changing views ever since 1896  
that they have been aptly nominated  
the Party of Opportunism.

THE SILENCE  
OF THE NEWS.

The persistent harping of The News  
about the Young Water Company trans-  
action was intended for the pur-  
pose of reflecting in an insinuating  
way upon the integrity of the editor  
of The Courier in the hope of divert-  
ing public attention from certain well-  
established charges against the truth-  
fulness of The News management in  
connection with its circulation state-  
ments, but some people put a different  
construction upon it. This view is  
voiced by the Scottsboro Independent  
as follows:

The Connellsville News is contin-  
ually asking The Courier what has be-  
come of a certain \$24,500. It looks as  
though The News might be more care-  
ful if it did not get any of the afore-  
said \$24,500.

We will not inflict any further ex-  
planations upon the people, but we de-  
sire to call attention to the fact that  
our proposition for an investigation of  
the facts by disinterested persons has  
not yet been answered by The News.

## ROYCROFT PHILOSOPHY.

BY CHA. BLUMHUT.

EVERY employe pays for superintendence and in-  
spection. Some pay more and some less. That is  
to say, a dollar-a-dayman would receive two dol-  
lars a day were it not for the fact that some one has to  
think for him, look after him and supply the will that  
holds him to his task. The result is that he contributes  
to the support of those who superintend him. Make no  
mistake about this: incompetence and disinclination re-  
quire supervision, and they pay for it and no one else  
does. The less you require looking after—the more able  
you are to stand alone and complete your tasks, the  
greater your reward. Then, if you can not only do your  
work, but direct intelligently and effectively the efforts  
of others, your reward is in exact ratio, and the more  
people you can direct, and the higher the intelligence you  
can rightly lend, the more valuable is your life. The law  
of wages is as sure and exact in its working as the Law  
of the Standard of Life. You can go to the very top, and  
take Edison for instance, who sets a vast army at work  
and wins not only deathless fame, but a fortune beyond  
the dreams of avarice. And going down the scale, you  
can find men who will not work for themselves and no  
one can make them work, and so their lives are worth  
nothing, and they are a tax and a burden on the com-  
munity. Do your work so well that it will require no  
supervision, and by doing your own thinking you will

WEATHER FORECAST.

For Western Pennsylvania.—Fair  
Monday; showers Tuesday; light to  
fresh east winds.

Let's Get Busy.

Your Fall wants must be sup-  
plied pretty soon, we are ready.  
If possible we have tried harder  
this season than ever before to  
have exactly the kind of goods  
that you want. Given more time  
for our choosing than ever before  
because we were especially anx-  
ious to please you with the goods  
we have here. We believe in the  
goods we have here and think that  
once you see them you'll believe in  
them too. You'll believe this way,  
that they are the kind of goods  
you want at the prices you want  
to pay. A store that sells Onyx  
Hosiery, Munsing Underwear,  
Silson Carpets, Kaiser Neckwear,  
Dartmouth Tailors and other well  
known brands ought to be the  
kind of a store you'd be interested  
in knowing something about.

MUNSING UNDERWEAR

For women and children. Under-  
wear that fits perfect, that wears  
well and is priced right. Every  
year there are more people who  
find out the goodness of Munsing  
underwear. Separate vests and  
pairs, fleeced, bleached white for  
the garment. Out-sizes like Misses'  
union suits, high neck, low sleeves,  
ankle length, full fleeced, white  
and natural color. Munsing union  
suits for women, full fleeced, white  
\$1.00. Munsing underwear means  
a great deal better underwear than  
the common kind of underwear  
without a name and a reputation  
to maintain.

ONYX HOSIERY

Children's Black Cashmere  
Hose, narrow ribbed, merino heel  
and toe, applied knees, sizes 9 1/2  
to 11 1/2, 25c the pair. Every  
fleeced hose. Also yarn. Onyx  
dye, heavy fleeced, the very best  
25c stockings that it is possible to  
have to show to you. This store  
has sold Onyx Hosiery for nearly  
thirty years now and we are just  
as proud to have them to show to  
you now as we were when we first  
began to sell this well known  
brand. There is no make of stock-  
ing quite as good as Onyx stock-  
ing.

SILK PETTICOATS FOR \$5

Showing this week some new  
silk petticoats in black and colors  
that are better than the ordinary  
\$5 skirt. About \$5 worth of silk  
in such skirt and no charge for  
the making, that's the only way  
you or we can have it. Good and  
full in every way, plenty of ruffles  
and you couldn't ask for a better  
quality of silk. Some of these on a  
table just as you enter the store.  
A petticoat bargain if we ever  
had one to show.

NEW FURS

Showing this week a few choice  
pieces of furs that represent first  
choosing from the manufacturers.  
Those of you who know furs  
know that the first showing is the  
best. Shapes this year are some  
different from last. Mink, lynx  
and squirrel will be the popular  
furs as we have you to see  
this showing. Every piece has  
been chosen because of the qual-  
ity of the fur and the workman-  
ship.

WOMEN'S COATS

Better values this year than  
ever to show you. Better materials  
and better trimmings. That's the  
verdict of every one who has  
taken a look at the coats. For  
some reason coat business has  
been better than we expected so  
far this fall. Some long black  
coats here broadcloth, satin lined,  
and satin trimmed at \$15, \$18 and  
\$25 that are easily \$5 better than  
the coats we had in years past  
for these same prices.

SUITS

Want to keep telling you about  
the suits we have here at \$25.  
If we did not know that these  
suits were out of the ordinary  
for the price, we wouldn't be so  
positive in asking you to come  
and see them. Showing this week  
also some Misses' Suits, sizes 14  
and 16. Colors blue and brown.  
at \$20 that are worth seeing.  
Wouldn't be selling so many suits  
if prices and suits were not  
right in every way.

## NEWS OF A DAY IN SCOTTTDALE.

**D. S. Fretts Will Go to the  
Mt. Pleasant Hos-  
pital.**

**SUFFERING FROM BLOOD POISON**

Many Paid Taxes in Order to Get a  
Vote in November—New Water Line  
Is Completed—Other News of the  
Mill Town.

SCOTTTDALE, Oct. 5.—The condition of Daniel S. Fretts, a farmer of near town, whose illness was mentioned in The Courier last week, has shown no improvement, much to the concern of his many friends. Mr. Fretts has been at the home of his daughter, Mrs. Edward E. Taylor, laid up with a sore on one of his feet, which developed symptoms of gangrene, so that on Sunday the family arranged to have him removed to the Mt. Pleasant hospital, where an operation will be necessary, the doctors expecting to perform the amputation above the knee. Mr. Fretts is 78 years of age, but is of a particularly robust constitution and very active for his age, so that there are some hopes of his pulling through. He was taken to the hospital in A. L. Kester's big auto yesterday and enjoyed the trip, which was diverting and pleasant.

**McMillan Had Busy Day.**  
The last day to pay taxes in time to secure a vote at the November election for those persons who have not paid taxes within two years, was on Saturday, so that Tax Collector S. B. McMillan had a busy day at his office in the borough building, anxious citizens coming in to get a white tax receipt, which gives them the right to cast their ballot. The stream of taxpayers came in until a late hour and about 75 of them paid, together with a large number of others who paid the regular taxes. As Tuesday is the last day to pay taxes at the present time, there will be two more busy days. On Wednesday the five cent penalty goes on. Has Bought Milk Route.

John Townsend, who has been employed with J. I. Murphy & Company, the furniture dealers and undertakers, has left that life to engage in the dairy business, having purchased the Pine Tree dairy route from James Lucas. Mr. Lucas, who is a native of Perryopolis, will likely remove to that place soon.

**Visited Conference.**  
Dr. O. I. Hess, C. M. Jurett, Hugh Francis, E. A. Humphries, J. A. Burnham and J. W. Wiley of the First Methodist Episcopal church, spent a couple of days last week at Vandergrift attending the conference of the Pittsburgh district, which is in session there. Dr. W. C. Weaver, the pastor of the First Methodist Episcopal church, will not return here, as was understood some time ago, and they were looking after the interests of the congregation in securing some one to take Dr. Weaver's place. As the conference announcements were to be made this morning, the people of Scottdale will know today whom their pastor will be.

**Saturday Night Was Quiet.**  
Scottdale maintained its reputation for being a quiet town by passing another Saturday night without having any one in the borough lockup. On Sunday morning the cheerless rooms of the borough were empty and empty, and no court was held to enjoin up that part of town.

**Water Line Completed.**  
The new line that the Citizens' Water Company has been laying west of town to supply that populous and growing section outside of the borough was completed on Saturday evening to George Treasler's home, just beyond the bridge, the line has been on the line which will add a city water supply to their household conveniences. The line was started from Dubois street and extended along Pittsburg street to the borough line at Fred Farley's, and then out the public road of East Huntingdon township.

**Of a Personal Nature.**  
John E. McHenry of Republic spent Sunday here visiting his father, Harry McHenry, and old home friends. Miss Elizabeth Cleveland, who spent a few days here with relatives, Mr. and Mrs. E. C. Porter, near town, returned to her home at Brookvale farm, near Oilport furnace, on Saturday afternoon.

Frederick Johnston, a prominent citizen of near Morgan station, spent Sunday here with friends.

John Kell, one of Morgan's station oldest and best known citizens, was a visitor to town on Saturday.

Mr. and Mrs. J. A. Burnham and Mrs. H. I. Randle, spent Sunday visiting their father, Henry Burnham, of Conneltsville.

A. S. Kimmel and Mr. Sprout of Vanderbilt were here on Sunday visiting friends.

**Easy to Hit.**  
Independence in this country isn't so much a matter of personal thrift. Thrift is a good target to aim at and an easy one to hit if you are a depositor in the savings department of this bank. Four per cent. interest paid. The Citizens' National Bank, Pittsburg street, Conneltsville, Pa.

### WILL URGE LOCAL OPTION.

Methodists Lay Plans Under Name of  
Pittsburg Temperance Society.  
VANDERGRIFT, Pa., Oct. 5.—Twelve hundred persons crowded the First Methodist Episcopal church yesterday morning, where conference is in session, to hear Bishop P. Henry's sermon after the consecration of six doacons.

At the business meeting preceding the ordination it was decided the temperance organization called the Prohibition Alliance will henceforth be known as the Pittsburg Temperance society. The Rev. J. B. Hisk of Pittsburg, president of the organization, will appoint five vice presidents at the business session today. Work will be started at once to promote the cause of local option.

The assigning of ministers will likely take place this evening. Several changes in pastorates are looked for.

### REIBER MAY HAVE BEEN KILLED HERE.

Winslow Foreigner Has Found No  
Trace of Son Who Disappeared  
Four Weeks Ago.

PUNXSUTAWNEY, Oct. 5.—Marlin Reiber, a Slavish miner and truck gardener of Winslow, was in town recently in the hope of obtaining a clue that will lead to the discovery of the whereabouts of his 18 year old son, Mike Reiber, who four weeks ago left his home and has not been heard of since.

Mr. Reiber states that on Saturday, September 5, Michael, who, previous to that time had been constantly employed in Bower Bros. mines, left early in the morning, stating that he was going to Big Run to have some dental work done.

The youth, it has since been learned, had the work done that day, but after leaving the dentist's office, he suddenly disappeared, and although his parents have been making diligent search since that time, the boy's whereabouts still remains a mystery. Michael wore a brick-colored soft hat, brown coat, new, and two pairs of blue overalls.

He took no money with him and had nothing of value on his person excepting the empty .32-calibre revolver. Recently one of Mr. Reiber's neighbors read in one of the Pittsburg papers an account of the accidental killing by a train at Conneltsville of an unknown boy, whose description tallied with that of the missing Winslow youth, and the parents are fearful lest it should turn out to have been their son.

Mr. Reiber does not feel able to investigate all of the theories as to the whereabouts of the missing boy, and has asked the newspapers to give publication to the facts.

### FOREST FIRES RAGE NEAR GREENSBURG.

Both Sides of Loyalhanna Creek for  
Miles in Flames and Blaze Moves  
Toward Johnstown.

GREENSBURG, Oct. 5.—Two forest fires are raging on either side of the Laurel Ridge and are being fought by half a hundred men. One fire started at 5 o'clock yesterday afternoon, near Kingston, on the Ligonier Valley railroad midway between Ligonier and Luthero. Forty acres of woodland have burned and the fire late last night threatened to enter the town of Brudenville. The Pennsylvania Brick Company, near the burning woods, it was thought, would be consumed. Shortly after the fire broke out 25 men were sent from Luthero equipped to fight the flames. Starting in Kelly's Hollow, the fire swept up the side of the ridge and north-easterly toward Johnstown, 23 miles away, which is connected the entire distance by forests.

At Laurelville, on the other side of the ridge, fire started in 20 acres of forest at 5:20 o'clock and was fought by a large force of men and boys. Both sides of Loyalhanna creek for several miles are in flames.

### HAS SECOND HONEYMOON.

Butler Couple Use Trolley This Time  
Instead of Stage.  
Fifty-one years ago, Mr. and Mrs. Thomas B. White of Butler took their honeymoon trip to Pittsburg by stage. They celebrated the anniversary by taking a trip over the Pittsburg & Butler trolley line and attending the sesquicentennial celebration. At the time of their first trip they were a day on the road. They reached Pittsburg in a little over an hour. Mr. White was formerly postmaster at Butler.

### THEATRE LEASED.

Bijou Was Not Sold Outright, But  
Only Rented.

C. E. Solsson, proprietor of the Bijou Theatre, states that he has not sold out his interests in the house to W. K. Mayer of Greensburg, but has merely leased the place to him.

Mr. Solsson will continue as proprietor of the house, with Mr. Mayer in charge, but is still seeking a purchaser for it.

**Notice.**  
To taxpayers of Conneltsville township: Those who wish to work their taxes will please apply to the road foreman at once, as this is the last month in which they will be allowed to work. After November 1 all taxes will be payable in cash. The Supervisor of Conneltsville township.

An event of signal importance will be the appearance of William H. Taft and William J. Bryan at the annual banquet of the Chicago Association of Commerce at the Auditorium Hotel, Chicago, on the evening of October 7. The dinner takes place during the Deep Waterways convention, when the city will be filled with notables, including Governors, Senators and Congressmen from all parts of the country, and many of them will be present at the dinner. Taft and Bryan will speak, but will confine their remarks to non-political subjects. Theodore P. Shonts, head of the New York traction lines, is also scheduled to speak, but his recent illness may necessitate his remaining in New York. Richard C. Hall, President of the Commerce Association, will be toastmaster, and 1,500 persons will be seated at the tables. This illustration shows the interior of the banquet hall, the largest dining room in Chicago.

### SHIFT IS COMING ON PENNSYLVANIA.

Rumored That Many Changes Among  
Officials of Road Will Be Made  
This Winter.

GREENSBURG, Oct. 5.—Important changes among high officials of the Pennsylvania Railroad Company are to be made soon. Executive officials who returned recently from their summer vacation are arranging for a big shift, which will take place November 1 or December 1, according to statements recently made. It is understood that definite action will be taken at the October meeting of the board, and the changes will be announced soon. Some of the higher officials have suggested the changes to take place on January 1, but it is believed that they will be made before that time.

A number of high salaried officers will be created and a large number of the officials will be promoted. It was originally intended to promote the changes on January 1 of last year, but action was postponed until July 1 on account of the slump in business. A new vice presidency is to be created, and it is expected that W. W. Atterbury, General Manager, who is spending a few days in Pittsburg, will get the place. Several new officers are to be created on the Pennsylvania lines west of Pittsburg also.

**Religious Conference at Princeton.**  
PRINCETON, N. J., Oct. 5.—(Special.)—The second autumn conference on subjects of practical religious interest began at the Princeton Theological Seminary today and will conclude tomorrow. The speakers are Rev. Dr. Edwin Barris, President of the Toronto Bible Training School; Rev. F. W. Loeschner, pastor of the Oxford Presbyterian church, Philadelphia; Dolan Heron, associate editor of the Missionary Review of the World, and Rev. Dr. Alexander, pastor of the University Place Presbyterian church of New York.

**Haskell Collects \$3,000 For Defense.**  
St. Louis, Oct. 5.—A special to the Globe-Democrat from Guthrie, Okla., says that Governor C. N. Haskell of that state has so far received \$3,000 in response to his appeal to the people of Oklahoma for funds with which to fight President Roosevelt, W. H. Hearst and others.

"The Younger Set" our new serial story, will begin Wednesday.

### SURVEY GETS DATA ON WATER POWER.

Geological Experts After Figures for  
Conservation Commission.  
Was Tried in 1880.

In connection with the preparation of a report for the Conservation Commission recently appointed by the President, the United States Geological Survey has undertaken to make a complete census of the water power of the country, including data as to the amount of power that is now developed on the various streams and the amount available for future utilization.

A somewhat similar work was undertaken in 1880 in connection with the Tenth Census of the United States as a result of which two volumes on the subject, one relating to streams west of the Mississippi and the other to eastern streams, were published. Since the preparation of that report an immense amount of information in various parts of the country has been collected by the United States Geological Survey, and this information, embodied in the Survey records, serves as a basis for the present census.

The work of preparing the census is divided into three preliminary districts, each one under the charge of a district engineer, who, with a corps of trained assistants, devotes his entire time to studying the conditions affecting stream flow in the group of States assigned to him.

**Rum Issue in Nutmeg State.**  
HARTFORD, Conn., Oct. 5.—The result of the Connecticut town elections in progress today is awaited with considerable interest because of the fact that the liquor question has been made the chief issue in many localities. The temperance element has put up an unusually hard fight in the interest of no license.

**Care of Lamps.**  
The bowl of the lamp should be kept full of oil, but when not in use the wick should be turned low to keep the oil from oozing out on the burner. The burners should be cleaned occasionally by holding them for half an hour in a strong solution of Gold Dust washing powder. Wipe on a cloth and they will be as good as new. To clean the chimneys, wash them in warm water to which has been added a teaspoonful of Gold Dust washing powder and wipe dry on a soft towel; polish with an old newspaper. Lamp chimneys are made more durable if they are put into a pan of cold water and allowed to heat gradually till the water is boiling and left in the water until cold again.

## PITTSBURG LOSES PENNANT CHANCE.

30,000 Persons See Decisive  
Game With Chicago  
Cubs.

WILLIS AND CAMNITZ ARE EASY

Chance's Men Get Twelve Hits Off  
Their Delivery, While Pirates Get  
But Seven Off Mordecai Brown  
New York May Tie Chicago.

Chicago, Oct. 5.—Pittsburg was eliminated from the National League pennant race when Chicago scored a 5 to 2 victory before a crowd which was declared to be the largest which ever paid to see a game of baseball in the world. The game was the first one of the season for Chicago and Pittsburg while New York has three more to play, all with Boston. If one of these games is not played by reason of the weather or for other reasons or if Boston wins one, the pennant will go to Chicago for the third successive year. By winning all three New York will exactly equal Chicago's percent age of 64.

The story of the victory is a simple one. Chicago garnered twelve hits off Willis and Camnitz, while Brown allowed Pittsburg but seven. The contest was evenly waged throughout. The umpires' decisions were questioned only once and this in orderly fashion, despite the intense suppressed excitement under which the players worked.

President Murphy of the Chicago club announced the paid attendance at 30,247. This, Mr. Murphy said, was the largest attendance ever present at a game of baseball in the United States, and presumably in the world. It was nearly 4,000 larger than ever passed through the gates of the Westside ball park before.

At the conclusion of the game Mr. Murphy and Mr. Dreyfus, the latter president of the Pittsburg club, gathered with others in Mr. Murphy's office. Mr. Dreyfus, whose team had just lost the pennant was smiling cheerfully and proposing that in the event of a tie between New York and Chicago the series of three games be played off at Pittsburg. "You are a better loser than I am," said the Chicago president. "You are the best loser in the league."

**Mob Takes Awful Revenge.**  
Hickman Ky. Oct. 5.—David Walker, a negro, his five-year-old daughter and his baby were killed outright the mother who was holding the baby in her arms was fatally shot and three other children will probably die as a result of a mob's visit to the Walker home last night. In addition the old son is missing and is supposed to have been burned with the negro's cabin which was fired by the mob. Walker had cursed a white woman and threatened a white man with a pistol, it is said.

## PIRATES MAKE GREAT FIGHT FOR PENNANT.

Pittsburg Loses First Place by Narrowest Margin in Stubborn Contest in National League.

The elimination of Pittsburg from the list of contenders for the National League pennant which came with the defeat Sunday in Chicago was a bitter one to the Pirates' men.

For their game fight since the opening of the present season last April during which time many experiments were necessary and which caused the team to play well into mid-season with their permanent lineup still unsettled.

But the Pirates were unfortunate in falling down at each critical point in the race. They were in the lead several weeks ago and then apparently dropped out of the running by losing four straight games to the Giants in Pittsburgh. Recovering to the ground they invaded Gotham and opened the final series there by losing both games of a double header.

The pennant hopes of Pittsburg depended upon Sunday's game in Chicago and for the third time the Pirates failed to make good.

But the crew played a great ball all season and deserve if the prize bestowed upon them. It was one of the greatest road campaigns his over known. Although falling to win the pennant the Pirates won the series with every team in the league except New York and got an even break with the Giants.

Effort Being Made to Bring Pirates Here on Barnstorming Trip Next Week

Ross Stum of Uniontown is making efforts to bring the Pittsburg Pirates to Conneltsville and Uniontown during the next few weeks for exhibition games. The Pirates will take their usual barnstorming tour over Western Pennsylvania and Eastern Ohio as they have done in previous years.

Stum is organizing an all-star team to cross bats with the almost champions of the National League. His tentative lineup is as follows:

Shortstop, Ike, I. Francis, third base, Fred, Hinton, second base, Charles, McCloskey, first base, Ed Miller, left field, Jack Magie, center field, Chipp, right field, Joe Phillips, catcher, Frank Denny, pitchers, Blanchard and Muldowney.

**THIS AUCTIONEER  
HAS DIPLOMA NEW.**

Somerset County Boasts of One Who Has Graduated From School of Salesmanship

The first graduate auctioneer of Somerset county is William S. Wolf, Jr. at Summit Hill. He graduated from a school of auctioneering, and returned home September 29th with his diploma, ready to meet all comers.

The course included special instruction in the manner of opening all kinds of sales, the management of sales, judging of live stock, crops, commodities, law and general business course.

The course is made the only instruction from the fact that the student in auctioneering is placed upon the block and conducts sales as he would in actual practice.

Mr. Wolf was formerly engaged in the grocery business at Rockwood and enjoys a wide acquaintance in the Rockwood community.

**Tin Workers Employed**  
Seventy-five found employees of the Dunbar plant works at Rockwood, most of which have been shut down for several months, were on the job by sent to New Kensington by the Steel company. It is said they will be given half time for the present.

**Million Votes For Chaffin**  
Chicago, Oct. 5.—A scheme by which the prohibition party hopes to secure 1,000,000 votes for Eugene W. Chaffin for president this fall was announced by National Chairman Jones. Activity is to be begun in every precinct in the United States to induce temperance Republicans to pull off with temperance Democrats. There will be no need of any 100,000 Republican voters, over the possibility of Bryan gaining if he does not vote for Taft and Mr. Jones, every temperance follower of the two opposing parties by pulling off and jointly voting for Chaffin will thus give neither Taft nor Bryan any advantage in the next result.

The Old Saying, "Every Man to His Trade," Is No Longer Applicable to the Trade of Clothes-Making.

Nowadays it should read "every man to his special part of his trade" for that is the way it is done by the tailors who build our garments. For example, our clothes for young men are turned out independently of the older men's. They are designed, planned and executed independently resulting in the creation of individual styles for the younger generation. This rule holds true throughout the entire stock, so that it matters not what your desires may be, we are able to clothe you according to your own personal demands. This may seem trivial when seen in print but you will doubly appreciate its significance when you come to make your selection from our excellent assortment. The highest type of tailoring excellence protects our patrons at every possible point.

We direct the special interest of all carefully dressed men to the many distinctive and critically correct models assembled here for their inspection. Not the usual ready-for-service clothing, but garments that bespeak the individual hand work that gives to them "the hang and 'lines'" only obtainable through expert craftsmanship.
